If the deceased is brought to the cemetery for a Committal Service before cremation takes place, there is a \$450 Service Fee for use of the Chapel or a \$650 Service Fee for a Graveside Service. This Service Fee is in addition to the Interment Fee which will be due at the time of the Committal Service. When cremated remains are to be interred as a second burial in a grave, the cemetery should be contacted before final arrangements are made with the family. Since all graves are not the same dimensions and all existing burials may not be at the present standard depths, some problems may exist in regard to the second interment. Proper authorization is required for second burials.
